### **Mount Rosary Charitable Institutions.**

From small beginnings, seventy five years ago, on June 27, this institution has grown and has served people without any discrimination, guided by the fact that they are in need of help. Started by a holy priest, Fr. Francis D'Souza with the help of Dr. Kurien, as a Sanatorium, has developed into a place of shelter and medical help for those who have nowhere to go.

Inspired with the words of Jesus Christ, this institution is now headed by the Helpers of Mount Rosary with Monsignor Edwin C. Pinto, as its Administrative Head.
