Chorus:

**Arise, shine out, for our Light has come,
The glory of God now dawns on us,
Thou night may cover the earth,
And darkness shadows all people.**

1. Our Father above, now guides us,

On high, His glory appears,

The nations step into his radiance

And kings walk into His brightness.....Chorus.

2. Though we may be abandoned

Abused and hated and shunned

Arise, Shine Out.

Written by W.J.Pais

But he will make us his people

A joy for ever and ever....Chorus

3. Our eyes will see no sunsets,

Nor our moons will ever wane,

While God will be our lasting bright

Light Our days of tears will be over.....Chorus

4. Our people will be upright

We will have our bountiful lands,

The shoot of Jesse, that God planted,

Has now become our Redeemer...Chorus

5. The least of the clans among us,

Has become a Nation so great,

To us our God has spoken,

In due time, we'll see His actions. ...Chorus
