

Peaches in Syrup

Written by Friends' Contribution

Ingredients

Quantity	Measure	Ingredients
500	Grammes	Peaches
1, 1/2	Teacup	Sugar
3	Teacup	Water

Method

Peel and core peaches and pack into pint and quart size jars. In saucepan for every cup of sugar add 2 cups water. Boil sugar and water until a clear syrup is formed. Pour syrup over peaches in jars. Put jars of peaches in a hot bath on stove for 20-30 minutes. Remove jars from bath and allow to cool and seal.
